1 – PARTICIPATION RULES

1.1– BY CATEGORIES:

ACDs – Athletes with Disabilities (see specific regulation):

Handcycles: (Marathon exclusive category)

Inside this category are athletes that need exclusively the use of handcycles;

Bearer of Visual Impairment: Inside this category are athletes that have total or partial absence of sight and will be running with a guide (PS: the guide will not compete);

Lower Limb Amputees: Inside this category are athletes with serious difficulty of walking or running, that make use of prosthesis or other support;

Bearer of Intellectual Disability, bearer of APD/CAPD and Les Autres categories: Inside of this category are all other ACDs categories;

Handcycles: (Half Marathon exclusive category)

Elite – the athlete that possesses the curriculum of minimum times in official races, per criteria defined by the Organization will participate in a special pack;

The participation of the athlete in the race is strictly individual, therefore is forbidden the help of another, as well as the use of any technological resource without previous authorization written by the event organization.

The technical direction of the event reserves the right to include special guests which are not inside any of the categories above in the Elite pack.

The technical direction can also offer accommodation at its own criteria and convenience.

For running in the Men Elite pack the reference time is: 1h 08min for the Half Marathon and 2h 20min for the full Marathon.

The maximum number of runners in the Men Elite pack is 100.

For running in the Women Elite pack the reference time is: 1h 20min for Half Marathon and 2h 48min for the full Marathon.

The maximum number of runners in the Women Elite pack is 100.

The times to be able to run in the elite packs will only be accepted if they are validated in Official Races: IAAF, AIMS, CBA and REGIONAL FEDERATIONS.

ATTENTION: Wheelchair, Handcycle and ACDs, is mandatory the re-registration with the race representative in the act of the racing kit withdrawal.

2 – GENERAL RULES FOR REGISTRATION

2.1 – In the act of registration, agreeing with the regulation by checking the option on the website, the participant therefore accepts all its terms and all responsibility for their own participation in the event, in agreement with the “RESPONSABILITY TERM”, which is part of this regulation.

2.2 – The enrolment in one of the races that compose the RIO DE JANEIRO CITY MARATHON event is personal and non-transferable, making it not possible to another person to replace someone, in any given situation. The participant that willingly gives his race number and does not formally written communicate the event organization will be responsible for any accident or damage someone might come to suffer, exempting from attendance and from any responsibility the event organization, its partners, its sponsors and public organizations that may be involved in the race.

2.3 – The enrolment will be available on-line through the website:

www.maratonadorio.com.br;

2.4 – The registration period will be over on May 18th, 2017 or on a previous date, if the technical limit is reached.

2.5 – The participants are responsible for the veracity of the information submitted in the enrolment form. In case of confirmed fraud, the athlete will be disqualified from the race and will answer to the crime of ideological falsity;

2.6 – Considering the date that the payment is done, if the cancelation is required within 30 days will implicate in the full refund minus the deducting bank taxes.

In case of the cancelation being required between the 31st day and the 60th day, will implicate in 50% refund.

The cancelations required after 60 days will implicate in no refund.

3 – NUMBER WITHDRAWAL, DISPOSABLE CHIP AND KIT.

For the Marathon, Half-Marathon and Family Run will take place in the 15th, 16th and 17th of June of 2017, the time is yet to be confirmed, at Centro de Convenções SulAmérica, in the Cidade Nova neighbourhood, Rio de Janeiro. The kits will be only withdrawal through the submission of an identity document and the original receipt from the enrolment payment, or an e-mail of confirmation sent by the event organization, or the internet enrolment receipt. These receipts will be kept by the staff at the kit withdrawal. There will be no other date or place for the kit/chip/number withdrawal.

4 – THE PARTICIPATION KIT.

The kit shall include: 01 (one) training bag, 01 (one) dry polyamide shirt of the race, 01 (one) dry cap, disposable chip, chest number, and possibly other gifts, materials or folders offered by the sponsors and supporters of the race.

5 – BUS TICKET TO THE STARTING LINE.

The athlete that chooses this service in the act of enrolment, will receive alongside the kit, an official individual ticket that will grant access to the transportation to the starting line of the race (Marathon and Half-Marathon), which will be made by bus. The boarding will be at Praia do Flamengo, between the Cruz Lima and Tucumã Streets, which is the same place as the finishing line of the races.

This transportation will have rules for access and use: Only athletes with the official ticket in hand, alongside with the chest number and the disposable chip will be able to board the bus. The transportation service will be paid. The athlete is not obligated to use the bus; therefore, he can choose the service that fits him the best, meaning all the expenses related to his choosing will be his own responsibility.

6 – THE CHEST NUMBER.

Inside the kit, the athlete will receive his chest number and the disposable timing chip. In the day of the race, the chest number must be attached with pins to his chest, in front of the racing uniform. It is personal and non-transferable. It is prohibited to alter or erase the number. It also can be used in two ways by the athlete: for using the storage volumes, and at the finishing line to participate in special offers and sweepstakes.

7 – THE DISPOSABLE CHIP.

In this event, the disposable chip will be in use. This chip must be attached to the shoes in the way that is displayed inside the envelope. In case there's any doubt on how to proceed, before attaching, look for a staff personnel so he can help you with that. The chip must not be cut, folded, scratched or damaged so that the system functions properly. As the chip is disposable, it will not be necessary to return it. The use of the chip is mandatory and not using it can lead to a disqualifying. At the time of receiving the chip, the athlete must confirm his personal information. Will not be accepted any complaints about registration that are not made in the moment of receiving the chip. It is mandatory the use of the chest number and the chip to participate in the race. Any scratching or erasing the number or the chip will implicate in the disqualifying of the athlete.

8 – THE IMPROPER USE OF THE CHEST NUMBER AND DISPOSABLE CHIP.

Both the chip and the number are personal and non-transferable, meaning that its safekeeping, maintenance and usage will be kept under the runners' full responsibility. This way, they cannot be changed, lend or any other way of interchanging (this also includes the possibility of running with two or more chips from other participants), with any other runner or person engaged or not in the race, for whatever reason.

The inadequate using of both chip and number, even if not knowing about this, will imply in the disqualifying of both participants and a report to the local athletic federation and the CBAAt for further analysis, which can come up to a temporary suspension from official events and can even end up with a definitive suspension in case of the accused being proven guilty.

9 – STORAGE VOLUMES.

A custom bag will be delivered with your kit, for using at the storage volumes. The bag must be taken to the start of the race, if you want to use this service. As soon as you arrive at the arena, put your belongings in the bag and look for the storage volume buses. Look for the window with your corresponding race number and deposit it there. This way your attendance will be easier and faster. The bags will be transported to the finish line where they will be kept safely and ready for you to withdraw them after you finish the race. Please note that you'll need your race number for the deposit and withdraw of the bag.

For more information regarding this service, see "general rules" in this regulation.

10 – STARTING LINE SERVICES.

Arriving at the starting line of the race, please make use of the storage volume and bathrooms as soon as possible, avoiding complications later with lines and high demand for these services. Just in the last moments before the start of the race these services achieve peak usage, so try to avoid this. The

arena is a public place so avoid throwing garbage or urinating in the available areas.

11 – HIDRATION POSTS – MINERAL WATER AND ISOTONICS.

Hydration posts will be available over the course of the race; they are equipped with mineral water each 3 KMs approximately. Also, one post at the starting line and at the finish line. Also, available over the course of the race are hydration posts with isotonic, 7 of these are available for the Marathon, 3 for the Half-Marathon and 1 at the finish line.

12 – RESULTS.

The official results for the MARATONA CAIXA Rio de Janeiro city marathon 2017 will be published on the events official website www.maratonadorio.com.br. The organization is not responsible for results that may be published in other websites. The results can have updates due to reviews and disqualifications.

The athletes who happen to be chosen to take the antidoping test will have their prizes retained by the organization until the official testing results. To athletes who happen to be awarded a prize and are not chosen to take the antidoping test, the prize will be deposited in the bank account of the prize-winner. In case there's a disqualifying of any of those who took the antidoping test, the organization will reclassify and complement the prizes after the authorization from the CBAt. Those who happen to test positive in the antidoping test will lose their claim to any award/prize, and will get excluded from the classification.

15 – GENERAL RULES

The minimum age allowed to participate in the MARATHON (42 km) is 20 years old, 18 years old in the HALF MARATHON (21 km) and 16 years old in the FAMILY RUN (6 km), if a participant is younger than 18 years old, it'll be necessary to provide a legal authorization written by the parents or legal

keeper, with notarized signature and an authenticated copy of an ID from the parents or legal keeper, that will be retained by the organization. The registration/enrolment can be made by a third person if they're of age and in bearing an authorization written by the athlete himself, accompanied by an authenticated copy of the athletes ID. This copy will be retained by the organization. The MARATHON will have a maximum duration of 06 (six) hours, the HALF MARATHON of 03 (three) hours and the FAMILY RUN of 80 minutes, meaning that any athlete who is not inside the projected time (pace chart), in any point during the race, can be forced to withdraw from the competition, finishing the race at that moment, being able to board the bus from the organization that will take the racer to the finishing line. All the enrolled athletes that finish the race will receive a participant medal. The athletes who currently suspended or going through any restrictive punishment imposed by the CBA and/or by the IAAF, or by the FARJ are not allowed to register or enrol in the event.

The finishing line of the races will be at the Aterro do Flamengo, near Cruz Lima Street. There will be, for any emergency, medical service and ambulance. The medial attention in an emergency case will be handled by the public healthcare system. During the race, the athlete must keep alert about the flow of other athletes and the signalling of the local staff. Regarding the loss of focus because of the landscaping, the athlete shall try to avoid running too close to the border/sidewalk, because this can lead to stumbling on a curb, or on any safety objects. The athlete shall run the course that has been set by the organization, staying inside the limits imposed by the grid railing and signalling along the way, avoid accidents with vehicles outside the perimeters. It is of great importance that the athlete tries to keep the streets clean and avoid throwing cans and bottles on the floor, on the sand, on the sidewalk or gardens, where other participants might also pass. This behaviour can greatly endanger other participants, the environment and the city. The athlete shall avoid excessive hydration. It can harm the performance during the race and may cause serious problems and even damage your health.

To the athlete who for whatever reason can no longer continue the race, there will be a bus that will transport the participants from where they were picked up to the finish line. This bus will keep up with the last athletes inside the allowed pace until the finish line, until the completion timeout. The athletes who are

along the course inside the pace, in the moment of the referee checking, beyond the allowed time for completion, may be forced to board the bus that's picking up stragglers, in accordance with the race legislation.

The safety of the event will be guaranteed by the competent organs and there will be referees, inspectors and staffs orienting and inspecting participants. For the participants in the event will be made available chemical toilets and storage volumes. The organization recommends that no one put anything of great value or money inside the storage volumes (watches, clothes, expensive accessories, electronic equipment's, checks, credit cards, money bills etc.).

The organization will not be held responsible for any object left inside the storage volumes, since it's a curtesy service. We suggest that the storage volumes are used only to storage objects with no value. There will not be a refund by the organization, as well as any sponsor, supporter or any company participating in the event, of any value that corresponds to equipment damage and or any accessory that may be wore by a participant in the event, for whatever reason. Neither will it refund any misplaced, lost or destroyed belongings that the participant may suffer during the race. We strongly recommend that all participants pass through a medical evaluation and ergometric test. It is forbidden to jump the grid railing or fences to access the track in the starting of the race or any other moment of the event. The participant must pay attention to the route, meaning it's not permitted any form or support/help or any way of gaining advantage. Only those participants bearing the chest number and the disposable chip will be able to cross the finish line.

At the arrival funnel, the participant is not allowed to overtake another competitor, meaning the participant must keep walking until the end of the path. It will not be allowed any external help or support to the participants under any circumstances or in any way. Only members of the organization can provide support. The athlete that does not comprehend or respect this very regulation, in all or some of its parts, will be disqualified or will be imposed suspensions by the regulatory entities. The event organization, as well as its sponsors and supporters are not responsible for any damage or harm that the enrolled participants may cause to third persons or other participants, meaning their actions are entirely their responsibility. Any complaints about the results of

the event shall be made in writing up to 30 minutes after the disclosure of these results. By registering in this event, the enrolled is entirely responsible for the veracity of the information provided and is in acceptance of this Event Regulation, enrolling by his free will, knowing his current health state and the necessity of consulting a doctor previous to the event to evaluate his real situation, having trained properly, accepting his transportation expenses, accommodation and food, insurance and any other expenses necessary or that may be caused by his participation before, during and after the event. By registering in this event, the participant grants irrevocable permission to the organization and its dealers, to all rights of image, sound, voice and likeness, even arena rights to legitimate and promotional ends, in any vehicle of communication and propaganda, as well as, authorizes the sending of messages, letters, phone messages and other ways of contact to his phone number or registered address, resigning any possible income that may be earned with television rights or any other way of transmission, for this and next races of the same event, and congenial events, declining any financial compensation related to the event, knowing its format and execution. The enrolled understand that all the equipment and material for his participation in this event is entirely his responsibility, both in how to obtain them, and how to keep them. The enrolled accepts not bearing or using, inside the perimeters of the event, any political material, promotional material or advertising material, any signs that may be seen by other participants and fans, just like accepts not bearing any harmful material that may endanger other participants, the safety of the event and its structures and the organization. The promoter may stop/suspend the event for public safety reasons, public acts, vandalism and/or greater force such as, strong winds and strong rains that may harm the participants, causing accidents and serious risks to physical integrity to the participants.

Any doubts or omissions of this Regulation will be dissolved by the Organizing Committee in sovereign form, not allowing any challenges to these rulings.
